NEW UNDERGRADUATES

25,500 Undergraduate applicants
16,811 Admitted
5,202 Enrolled

Among new undergraduates, 3,635 are first-time freshmen and 1,567 are transfer students (98 sophomores, 1,346 juniors and 88 seniors).

PRECEDING INSTITUTION

Sixty percent of new undergraduates come from public high schools, 9% from private high schools, 27% from 2-year colleges and 4% from 4-year colleges and universities.

CAMPUS FACTS

Unique within the University of California system, UC Davis offers both a full range of undergraduate and graduate programs, as well as professional school curricula in law, management, medicine and veterinary medicine. It is the largest of the nine campuses in area, second largest in budget and third largest in enrollment. Comprising about 6,000 acres, the Davis campus lies in the Sacramento Valley, close to the State Capitol and a two-hour drive from Lake Tahoe or an hour-and-a-half from San Francisco. Surrounded by rich agricultural fields, the main campus (5,146 acres) includes a formal arboretum intertwined by a two-mile footpath along Putah Creek; oaks, redwoods and dry-land trees and shrubs predominate throughout the campus. The campus supports numerous laboratories, extension centers and special off-site facilities, such as the UC Davis Medical Center (Sacramento), Veterinary Medicine Teaching & Research Center (Tulare), Bodega Marine Laboratory (Bodega Bay), College of Engineering's Applied Science Department (Livermore), and the UC Davis Washington D.C. Center. UC Davis ranks 44th out of 227 national universities (11th among public universities) in the 1998 U.S. News and World Report annual guide to America's best colleges. Graduate programs in ecology, animal behavior, plant biology and zoology were rated among the nation's top five in a 1995 study conducted by the National Research Council. UC Davis was one of only two schools in the nation to receive the inaugural 1996 Jeanne Clery National Safe Campus Award.

FIELDS OF STUDY

UC Davis offers more than 100 undergraduate majors and 79 graduate programs. 82.2% of undergraduates have declared majors. In fall 1998, the most popular majors were:

</table>

SAT Ranges: Verbal and Mathematics scores range from 400—600 (6% and 22% respectively).
AGE
Average age of undergraduates—21; 85% are 22 years or younger.

NONTRADITIONAL AGE STUDENTS
(undergraduate—25 & over) (graduate & professional—30 & over)
Nontraditional age students comprise 14% of all students:
7% of undergraduate students
30% of professional students
41% of graduate students

HOUSING
Twenty percent of all students (87% of fall freshmen) live in campus housing: 3,750 in residence halls; 476 in student family housing; 110 in graduate student apartments; and 246 in various co-ops, living groups, and innovative housing.

STUDENT FEES & EXPENSES
Average costs for an undergraduate California resident living in a residence hall during 1997-98 (Fall, Winter & Spring Quarters):

</tbody>
</table>

Undergraduate and graduate students earned a total of $1.4 million in Work-Study jobs, on and off campus.

SCHOLARSHIPS
During 1997-98, UC Davis awarded $1.4 million in scholarships to undergraduates, including 321 need-based and 1,129 non-need-based awards. 1,414 undergraduates also received more than $1.816 million in scholarships from other agencies.

Notable graduate student awards in 1998-99:
33 USDE/GAANN fellowships
9 NIH traineeships
7 NSF fellowships
3 Fulbright fellowships
1 NASA fellowship
1 Rockefeller Foundation fellowship
2 InterAmerican Foundation fellowships
2 UC Mexus fellowships
3 American Lung Foundation fellowships
4 American Heart Association fellowships
8 EPA fellowships
1 U.S. Department of Education Fulbright-Hayes
1 Damon Runyon-Walter Winchell fellowship
2 Elizabeth Glaser Pediatric AIDS Foundation
3 National Highway Institute Eisenhower fellowships
1 GEM (National Consortium for Graduate Degrees for Minorities in Engineering and Science)
1 National Research Council-Ford Foundation

GENDER
Overall, 46% are men and 54% women.
WOMEN
55% of undergraduate students
55% of professional students
44% of graduate students

DISABILITIES
576 students received academic or advising services for long-term disabilities that affected learning (310), hearing (38), vision (37), mobility (20), and other functions (171) during 1997-98. Additionally, 31 students received various services for temporary disabilities.

GEOGRAPHIC ORIGINS
In fall 1998, Davis students came from 57 California counties, 46 states, and 117 foreign countries.

CALIFORNIANS
California residents make up 97% of undergraduates, 96% of professional students, and 78% of graduate students.
52% of California undergraduates come from the San Francisco/Oakland/San Jose area. 14% come from the Sacramento/Yolo area, and 11% are from the Los Angeles/Riverside/Orange County area.

California counties sending the most undergraduates are:
- Santa Clara 10.8%
- Alameda 9.8%
- Sacramento 9.8%
- Contra Costa 8.6%
- San Francisco 7.6%
- Los Angeles 7.0%
- San Mateo 5.5%
- Yolo 3.9%
- San Diego 3.7%
- Solano 3.6%

STATES SENDING THE MOST STUDENTS
Besides California, most students come from Washington, Oregon, Nevada, Hawaii, New Mexico, Texas, New York and Illinois.

FOREIGN STUDENTS
Foreign students, including non-enrolled students, make up 4.9% of the campus population: 1.7% of undergraduates, 2.3% of professional students and 24.2% of graduate students. Of these 1,102 students, 57% are men and 43% women. In fall 1998, foreign students came from these regions:

- South & East Asia 62.1%
- Europe 18.2%
- Latin America 10.0%
- Canada 3.0%
- Africa 2.8%
- Middle East 1.9%
- Oceania 1.9%

STUDY ABROAD
Through the UC Education Abroad Program, 255 students are studying at 102+ host institutions in 36 foreign countries.
Also, 147 UC Davis students participated in Summer Sessions International Programs at sites in London, Nice, Rome, Cuzco, Kyoto and Jamaica.
ETHNICITY

Between 1994 and 1998, the number of American Indian, Asian, Black, Chicano, East Indian, Filipino or Latino students increased 21%, from 8,598 to 10,406. Domestic students from these groups constitute about 50% of undergraduates, 27% of professional students, and 21% of graduate students.

INTERNSHIPS

The Internship and Career Center develops academic internships that help students explore career opportunities and apply classroom learning to a work setting. About two-thirds of all undergraduates, and many graduate students as well, take advantage of these part- and full-time internships.

During 1997-98, students completed 5,588 internships in locations as close as campus laboratories and as far away as South America, Europe and Asia.

CAMPUS ENROLLMENT

24,588 students enrolled at UC Davis in Fall Quarter 1998; as part of controlled-growth planning, this number is a new high of 289 more students than Fall Quarter 1997, the previous high point.

UNDERGRADUATE COLLEGES & DIVISION OF BIOLOGICAL SCIENCES 19,344

Agricultural & Environmental Sciences 4,777
Biological Sciences 3,351
Engineering 2,387
Letters & Science 8,829
GRADUATE STUDIES 2,938
(Graduate Academics—2,671)
(Health Science Academics—267)
PROFESSIONAL SCHOOLS 2,306
Graduate School of Management* 118

School of Veterinary Medicine 533
(Professional: D.V.M.—444)
(Preventive Veterinary Medicine—16)
(Residents—73)

CAMPUS TOTAL 24,588

Enrollment estimates for 1998-99 project that 40% of undergraduates will be Lower Division (freshman or sophomore) and 60% Upper Division (junior or senior).

* In addition, 278 students are enrolled in the working professional M.B.A. program.
DEGREES CONFERRED

In 1997-98 UC Davis awarded 5,549 degrees:

- 4,321 Bachelor’s degrees (61% B.S., 39% B.A.)
- 544 Master’s degrees
- 324 Doctor of Philosophy degrees
- 158 Juris Doctor degrees
- 100 Doctor of Veterinary Medicine degrees
- 87 Doctor of Medicine degrees
- 13 Doctor of Education degrees
- 2 Candidates in Philosophy

COMMUNITY SERVICE

Participation in community service is an important part of campus life at UC Davis. The Human Corps Program links students to community service opportunities directly and by referral to internships and leadership activities. A 1998 survey of 131 agencies indicates that approximately 3,451 students, faculty and staff volunteered 614,374 hours of community service (about 15 hours per person a month) in the areas of community development, counseling, drug and alcohol abuse prevention, adult care and protection, hunger and homelessness, mental health, education, health care, and services to youth. In addition, over 4,000 students participated in community service academic internships developed through the Internship and Career Center during 1998.

PERSISTENCE & GRADUATION RATES

Davis undergraduates persist at rates among the highest for all UC students. Among freshmen* entering from 1991 to 1995, 91% returned for a fourth quarter and 86% returned for a seventh quarter.

Davis students also graduate at one of the highest rates among UC students. Among freshmen entering UC Davis in Fall 1992 was 13 quarters. Of those who entered during 1988-92 and graduated by spring 1998:

- 46% graduated within 12 quarters
- 58% graduated within 13 quarters
- 71% graduated within 14 quarters
- 94% graduated within 15 quarters

*Freshmen are defined here as all domestic students entering in Fall Quarter from high school.

GRADUATION RATES

Most freshmen who complete a bachelor’s degree do so in just over four years; the average time to degree for freshmen entering UC Davis in Fall 1992 was 13 quarters. Of those who entered during 1988-92 and graduated by spring 1998:

- 94% graduated within 15 quarters
- 71% graduated within 14 quarters
- 58% graduated within 13 quarters
- 46% graduated within 12 quarters

In 1997-98 UC Davis awarded 5,549 degrees:

- 4,321 Bachelor’s degrees (61% B.S., 39% B.A.)
- 544 Master’s degrees
- 324 Doctor of Philosophy degrees
- 158 Juris Doctor degrees
- 100 Doctor of Veterinary Medicine degrees
- 87 Doctor of Medicine degrees
- 13 Doctor of Education degrees
- 2 Candidates in Philosophy

ORGANIZATIONS & CLUBS

In 1997-98, the Student Programs & Activities Center registered 330 organizations to meet the academic, cultural, ethnic, political, recreational, religious, service and social interests of students.

The Associated Students of UC Davis (ASUCD) represents all undergraduates. ASUCD operates more than 40 activities and services, including a daily newspaper, bus system, radio station and coffee house.

The Graduate Student Association (GSA) represents graduate students and provides orientation, legal services, social events and a newsletter.

SPORTS

Students at UC Davis participate in intramural sports at one of the highest rates in the nation—over 13,000 participants in 35 different activities. Club sports complement the Intramural Sports Program by offering 29 recreational and competitive sports for over 1,200 students. A new, versatile, in-line skating rink is available for five different recreational activities: roller hockey, roller basketball, box lacrosse, arena soccer, and field hockey.

UC Davis won both the inaugural 1995-96 and 1996-97 Sears Directors’ Cup for NCAA Division II (awarded to the best overall athletic program in the nation), and was runner-up in 1997-98. The men's basketball team won its first-ever national championship. The Aggies won six conference championships, and eight teams finished among the top 10 in the nation in their respective sports. More than 900 student-athletes compete on UC Davis's varsity teams, which include 12 women's and 11 men's teams.

UNDERGRADUATE ACADEMIC PERFORMANCE

Average cumulative GPA for undergraduates in spring 1997:

- Women: 2.99
- Men: 2.84

Over 46% maintained a 3.00 or better GPA.

POSTGRADUATE STUDIES

Within twelve months of graduation, 41% of undergraduates obtained degrees in June 1996 were studying for or had completed a postgraduate degree. A large majority attended their first (63%) or second choice (19%) institution. The largest group continued their studies at the doctoral degree level (44%), pursuing degrees in human and animal health (19%), law (14%), and academic areas (10%). The second largest group pursued master's degrees (35%), primarily in academic subjects (20%). The remainder sought teaching credentials (16%) and other credentials (5%), primarily in health or food science. Over three-fourths of these graduates report that UC Davis prepared them "very well" or "more than adequately" for graduate study. About one quarter of these students (23%) left the state for their first postgraduate degree. Most other graduates remained within the University of California (28%), attended California private colleges (27%), or studied at California State University campuses (19%). 13% of enrolled alumni continued at UC Davis.

CAREER OUTCOMES

Within one year following graduation, 59% of June 1996 baccalaureate degree recipients were working full-time. 29% of these graduates obtained jobs prior to leaving UC Davis; 93% were working within six months of graduation. Their average salary was $30,400; highest salaries were reported by engineers ($43,800) and computer/math/physical scientists ($38,500). Close to three-fourths obtained jobs in their chosen fields: 28% worked in scientific research or technology, 25% in finance, marketing, or general business and 11% in engineering. Most of those surveyed said they were "very well" or "more than adequately" prepared at UC Davis for their initial employment. Two-thirds had gained work experience through internships while undergraduates.
